

Alumier^{MD}

PRODUCT PORTFOLIO

CORRECTIVE. COMMITTED. CLEAN.

PRO

THE AlumierMD DIFFERENCE

WE ARE CORRECTIVE.

We develop professional-grade products that deliver transformative results through innovative, clinically validated formulas.

We leverage optimal concentrations of key ingredients that you know and trust, with innovative hero ingredients clinically proven to enhance results.

WE ARE COMMITTED.

We believe in the power of professional guidance when integrating professional-grade products into your routine. For this reason, we are committed to supporting the expertise of professionals, as well as their thriving businesses.

WE ARE CLEAN.

We push our formulating chemists to take advantage of innovations only made available in the last three to five years. This means using cleaner alternatives and eliminating the ingredients many patients no longer want in their skincare.

Our products are formulated without the use of **artificial dyes & fragrances, parabens, sulfates, phthalates, PEGs* and phenoxyethanol***

*We have effectively removed these ingredients from 85% of our portfolio and as newer innovative alternatives become available, we aim to complete our entire range of products.

CLEANSERS

Our cleansers are all gentle and pH-balanced, and they come in four elegant textures to suit different skin types.

PRO TIP: Follow your cleansing step with **Bright & Clear Solution** (page 6), to exfoliate the skin and improve the absorption of important ingredients.

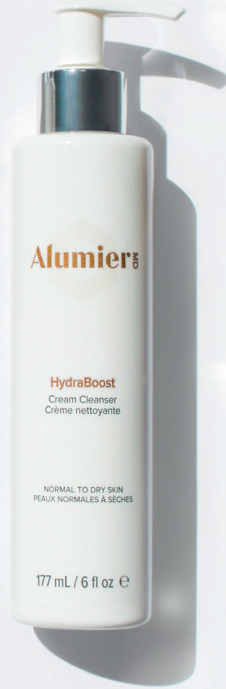

ACNE CLARIFYING CLEANSER ☀️ + 🌙

SKIN CONDITION: BL

SKIN TYPE: OILY

A gentle, yet deeply effective pH-balanced gel cleanser for blemish-prone skin.

Main Ingredients: 2% salicylic acid, oligopeptide-10, chamomile and aloe

PURIFYING GEL CLEANSER ☀️ + 🌙

SKIN CONDITIONS: AG, BL, DI
SKIN TYPES: COMBINATION, OILY

A pH-balanced gel cleanser that gently and effectively cleanses skin by removing impurities and excess oil, leaving it supple and smooth.

Main Ingredients: Plant-based surfactants, chamomile and aloe

HYDRABOOST ☀️ + 🌙

SKIN CONDITIONS: AG, DI
SKIN TYPE: DRY

A smooth, hydrating pH-balanced cream cleanser that delicately removes impurities, excess oil and makeup.

Main Ingredients: Yucca root extract, aloe and vitamin E

SENSICALM ☀️ + 🌙

SKIN CONDITIONS: AG, RE
SKIN TYPE: DRY

A smooth, hydrating, pH-balanced cleanser that delicately removes impurities while calming skin.

Main Ingredients: Yucca root extract, niacinamide, ceramides and vitamin E

EXFOLIANTS

Our chemical and mechanical exfoliants reveal glowing skin and encourage deeper penetration of specialised ingredients.

PRO TIP: Follow your exfoliating treatment with your favourite Targeted Serum (pages 10 to 11) and antioxidant-rich Moisturiser (pages 12 to 13) best suited to your unique skin.

AHA Renewal Serum ☾

SKIN CONDITIONS: AG, BL, DI, RE
SKIN TYPES: DRY, COMBINATION, OILY

This powerful alpha hydroxy acid serum enhances skin texture and tone, and reduces the visible signs of ageing, while promoting brighter, firmer and more radiant skin.

Main Ingredients: 8% lactic acid, sodium hyaluronate, arnica and allantoin

Bright & Clear Solution ☀ + ☾

SKIN CONDITIONS: AG, BL, DI
SKIN TYPES: DRY, COMBINATION, OILY

A refreshing, award-winning, skin-conditioning solution that refines the complexion. A blend of exfoliating ingredients gently removes cellular debris to brighten and improve skin texture.

Main Ingredients: 3% lactic acid, salicylic acid, Superox-C and arnica

Enzymatic Peel ☾

SKIN CONDITIONS: AG, BL, DI
SKIN TYPES: DRY, COMBINATION, OILY

A highly effective exfoliant that combines AHAs and fruit enzymes to exfoliate dead skin cells and promote skin renewal, minimising the appearance of ageing.

Main Ingredients: 10% lactic acid, papain, bromelain and sodium hyaluronate

Lotus Scrub ☾

SKIN CONDITIONS: AG, DI
SKIN TYPES: DRY, COMBINATION, OILY

Formulated with lotus seed powder and microcrystalline cellulose — unique natural biodegradable exfoliating agents that are smooth and gentle.

Main Ingredients: Lotus exfoliator and microcrystalline cellulose

MicroDerm Polish ☾

SKIN CONDITIONS: AG, DI
SKIN TYPES: DRY, COMBINATION, OILY

An exclusive microdermabrasion formula that actively exfoliates and retexturises skin to uncover a smooth, refreshed and glowing complexion.

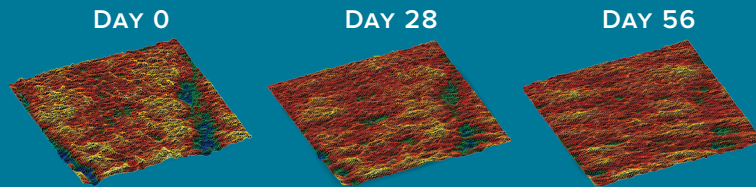

Main Ingredients: Hydrated silica, jojoba esters, grapefruit peel oil and glycerin

EverActive C&E™ + Peptide

CLINICALLY PROVEN FORMULA

This powerful antioxidant formula is clinically proven to:

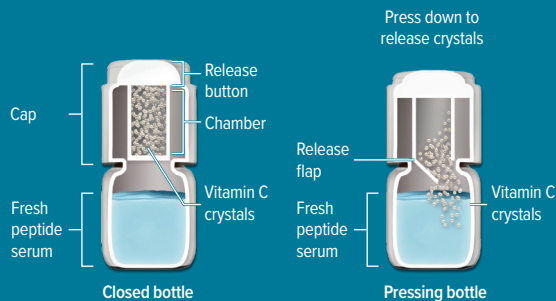

- Reduce depth and volume of wrinkles within 56 days
- Improve and smooth surface homogeneity
- Decrease red and brown tones for a more even complexion

Wrinkle reduction over time colour-coded by depth, where yellow indicates shallow, green is moderate, and blue represents deep wrinkles on day 0, day 28, and day 56. Study results were published in the Journal of Cosmetic Dermatology, December 2020.

DRIVEN BY INNOVATION

Our 15% Vitamin C Complex is always optimally active.

ACTIVATE FOR THE FRESHEST DOSE

A unique delivery system ensures the vitamin C crystals are kept separate in a proprietary cap that protects from atmospheric degradation and only mixes them into the bottle of serum when you are ready to use it.

EverActive C&E™ + Peptide 3 x 15 mL/0.5 fl oz ☀

SKIN CONDITIONS: AG, DI, RE

SKIN TYPES: DRY, COMBINATION, OILY

This award-winning, high-strength vitamin C and vitamin E serum reduces the appearance of fine lines and wrinkles to revitalise the skin. The antioxidants neutralise the visible effects of free-radical damage, while a specialty peptide strengthens the skin.

Main Ingredients: 15% L-ascorbic acid (USP), tocopheryl acetate (USP)
MATRIXYL® Synthe'6

*MATRIXYL® Synthe'6® is used under authorization of Sederma Inc.

ESSENTIALS

Our Essentials feature cutting-edge technology to offer the best defence against skin ageing and environmental aggressors — especially when coupled with AlumierMD sunscreen (see page 15).

PRO TIP: Every skincare routine should encompass the Essentials for optimal results — they consist of curated products essential to skin health and feature power duo vitamin C and vitamin A (retinol).

Alumience A.G.E. ☀️ + 🌙

SKIN CONDITIONS: AG, DI, RE

SKIN TYPES: DRY, COMBINATION, OILY

A hydrating formulation that reduces the visible signs of aging caused by free radicals and advanced glycation end products (A.G.E.s).

A biomimetic shield defends against particulate matter from pollution.

Main Ingredients: Tetrahexydecyl ascorbate (vitamin C), tocopherol acetate (USP), Exo-P™ and a specialised blend of amino acids and peptides

Retinol Resurfacing Serum 0.25, 0.5 and 1.0 🌙

SKIN CONDITIONS: AG, BL, DI

SKIN TYPES: DRY, COMBINATION, OILY

Retinol Resurfacing Serum is available in three concentrations. Each is a pure potent retinol serum that dramatically improves the appearance of fine lines, wrinkles, blemishes and skin texture, while evening skin tone.

Main Ingredients: Pure encapsulated retinol, niacinamide, sodium hyaluronate and MATRIXYL® Synthe' 6

TARGETED SERUMS

Our targeted serums address specific skin conditions and concerns, with clinically proven ingredients that drive visible results.

PRO TIP: Enhance absorption of important ingredients with an AlumierMD exfoliant (pages 6 to 7) that best suits your skin type.

Calm-R™ ☀️ + ☾
SKIN CONDITION: RE
SKIN TYPES:
DRY, COMBINATION, OILY

A soothing hydrating serum that targets visible redness and blemishes while maintaining the skin's delicate moisture balance.

Main Ingredients: Piperonyl glucose, organic sunflower seed oil unsaponifiables, hinokitiol and aloe

Acne Balancing Serum ☀️ + ☾
SKIN CONDITION: BL
SKIN TYPES:
COMBINATION, OILY

An innovative encapsulated salicylic acid technology that provides a slow release into the skin, minimising irritation whilst extending effectiveness.

Main Ingredients: 2% encapsulated & free-form salicylic acid & oligopeptide-10, niacinamide, sodium hyaluronate and resveratrol

Matticlear ☀️ + ☾
SKIN CONDITIONS: N/A
SKIN TYPES:
COMBINATION, OILY

A lightweight oil-absorbing serum that helps reduce shine and refine skin texture, resulting in a smooth, matte finish.

Main Ingredients: Cellulose magnesium silicate, red clover flower extract and Swiss stone pine extract

Intellibright® Complex ☀️ + ☾
SKIN CONDITION: DI
SKIN TYPES:
DRY, COMBINATION, OILY

A lightweight serum containing naturally powerful, clinically proven skin-brightening ingredients that professionals trust, which work to enhance results and resistance to new pigment formation.

Main Ingredients: Kojic acid, arbutin, saccharide isomerate and white shiitake mushroom

EvenTone ☀️ + 🌙

SKIN CONDITIONS: AG, DI
SKIN TYPES:
DRY, COMBINATION

A lightweight serum containing naturally powerful skin brightening and rejuvenating agents that work by different mechanisms to enhance results.

Main Ingredients: β-White™, licorice root extract, niacinamide, white shiitake mushroom and Matrixyl® Synthe'6®

Ultimate Boost Serum ☀️ + 🌙

SKIN CONDITIONS: AG, DI, RE
SKIN TYPES:
DRY, COMBINATION, OILY

This lightweight serum boosts hydration and enhances the skin's natural hydrolipid barrier while targeting the visible signs of ageing.

Main Ingredients: Matrixyl® Synthe'6®, sodium hyaluronate, niacinamide and aloe

Vitamin Rich Smoother ☀️ + 🌙

SKIN CONDITIONS: AG, RE
SKIN TYPES:
DRY, COMBINATION

Containing a synergistic antioxidant duo to brighten and revitalise the skin, this silky formula evens out the skin's texture, leaving it looking and feeling smooth.

Main Ingredients: 15% L-ascorbic acid (USP), tocopheryl acetate (USP) and aloe

MOISTURISERS

All our moisturisers are enriched with powerful antioxidants and specialised ingredients for a glowing, radiant complexion, but they also contain hydrating and nourishing ingredients for each specific skin type and concern.

PRO TIP: For a boost in skin renewal, skin softness and radiance, add Retinol Resurfacing Serum (page 9) to your night-time regimen. For sensitive skin, apply over the top of your favourite moisturiser and for resilient skin, apply retinol first followed by your favourite moisturiser.

HydraCalm ☀️ + 🌙
SKIN CONDITION: RE
SKIN TYPE:
DRY

A rich and restorative moisturiser, packed with natural calming ingredients, specifically formulated for redness-prone and sensitive skin. With powerful antioxidants to provide protection from free-radical damage.

Main Ingredients: Copper peptide, niacinamide, low-molecular weight hyaluronic acid and aloe

Recovery Balm ☀️ + 🌙
SKIN CONDITIONS: AG, RE
SKIN TYPES:
DRY, COMBINATION

An antioxidant and peptide-rich moisturiser specifically formulated to support post-procedure and delicate skin types. Enriched with specialised ingredients to soothe and rehabilitate the look of sensitive skin.

Main Ingredients: Hinokitiol, copper peptide, aloe and shea butter

HydraSmooth™ ☀️ + 🌙
SKIN CONDITION: BL
SKIN TYPES:
COMBINATION, OILY

This ultra-light, non-comedogenic moisturiser is specifically formulated to restore clarity to blemish-prone skin. Salicylic acid exfoliates on and within the pore, while soothing ingredients keep the skin balanced.

Main Ingredients: Salicylic acid, Oligopeptide-10, hinokitiol, allantoin and resveratrol

HydraClarité ☀️ + 🌙
SKIN CONDITION: BL
SKIN TYPES:
COMBINATION, OILY

An ultra-light non-comedogenic antioxidant-rich moisturiser specially formulated for oily and blemish-prone skin. It absorbs quickly and effectively while maintaining moisture balance.

Main Ingredients: Oligopeptide-10, hinokitiol, allantoin and resveratrol

HydraLight ☀️ + 🌙

SKIN CONDITIONS: AG, DI
SKIN TYPES:
COMBINATION, OILY

A light moisturising formula that nourishes and improves skin texture using specialty soothing and hydrating ingredients.

Main Ingredients: Matrixyl® Synthe'6®, high- and low-molecular weight hyaluronic acid, niacinamide and glutathione

HydraDew ☀️ + 🌙

SKIN CONDITIONS: AG, DI
SKIN TYPES:
DRY, COMBINATION

An intensely rich formula that moisturises, nourishes and improves skin texture with a blend of rich, barrier-strengthening ingredients.

Main Ingredients: Matrixyl® Synthe'6®, sodium hyaluronate, niacinamide, shea butter and glutathione

HydraRich ☀️ + 🌙

SKIN CONDITIONS: AG, DI
SKIN TYPE:
DRY

Packed with emollients for the ultimate moisturising experience and a radiant complexion, this rich formula also contains specialised ingredients to help restore the skin's lipid balance.

Main Ingredients: Matrixyl® Synthe'6®, high- and low-molecular weight hyaluronic acid, ProBioBalance CLR™ NP and squalane

SUNSCREENS

Our award-winning sunscreens offer 100-percent physical, broad-spectrum protection, enriched with powerful antioxidants.

PRO TIP: Boost your defence against the damaging, visible effects of free radicals by pairing your sunscreen with EverActive C&E™ + Peptide (page 8).

Clear Shield
Broad Spectrum SPF 42 ☀️

SKIN CONDITIONS: AG, BL, DI, RE

SKIN TYPES: COMBINATION, OILY

A lightweight, non-comedogenic, quick-drying physical sunscreen that provides powerful broad-spectrum protection against harmful UVA and UVB rays.

Main Ingredients: 6.18% micronised zinc oxide, 7% titanium dioxide, niacinamide and glutathione

Alumier

Sheer Hydration

Broad Spectrum SPF 40 ☀️

SKIN CONDITIONS: AG, BL

SKIN TYPES: DRY, COMBINATION

A sheer physical sunscreen that provides powerful broad-spectrum protection against harmful UVA and UVB rays.

Versatile Tint & Untinted | Main Ingredients: 6.28% micronised zinc oxide, 7% titanium dioxide, resveratrol, glutathione, vitamins C & E

Moisture Matte

Broad Spectrum SPF 40 ☀️

SKIN CONDITIONS: AG, BL, DI

SKIN TYPES: COMBINATION, OILY

A tinted matte, physical sunscreen that provides powerful broad-spectrum protection against harmful UVA and UVB rays. Available in Ivory, Sand and Amber.

Ivory & Sand | Main Ingredients: 9% micronised zinc oxide, 7.8% titanium dioxide, antioxidant blend, specialised colour-encapsulated technology

Amber | Main Ingredients: 9% micronised zinc oxide, 8.3% titanium dioxide, antioxidant blend, specialised colour-encapsulated technology

SPECIALTY PRODUCTS

A moisture-infusing mask and specialised ingredients in customised concentrations for delicate areas like the eyes, neck and décolleté strengthen every skincare routine.

PRO TIP: Target the most stubborn concerns around the delicate eye area with the AlumierMD EyeConic Kit (page 19)

Aqua Infusion Mask ☀️ + 🌙

SKIN CONDITIONS: AG, DI

SKIN TYPES: DRY, COMBINATION, OILY

An oil-free, lightweight mask that provides intense hydration with a blend of natural sugars, and intensely hydrating ingredients.

Main Ingredients: Low molecular weight hyaluronic acid, natural moisturising factors and imperata cylindrica extract

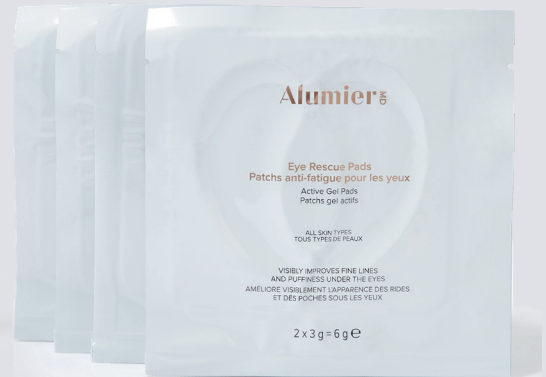

Neck & Décolleté Firming Cream 🌙

SKIN CONDITIONS: AG, DI

SKIN TYPES: DRY, COMBINATION, OILY

A smoothing, firming moisturiser that improves the appearance of fine lines and wrinkles, restoring a brighter, more youthful appearance.

Main Ingredients: 0.25% encapsulated retinol, flower acids, hydroxyphenoxy propionic acid and licorice root extract

AluminEye™ ☀️ + 🌙

SKIN CONDITIONS: AG, DI, RE

SKIN TYPES: DRY, COMBINATION, OILY

Award-winning AluminEye™ is a moisturising eye cream that helps diminish the appearance of fine lines, dark circles and puffiness.

Main Ingredients: Matrixyl® Synthe'6®, sodium hyaluronate, soft-focus light reflectors, niacinamide, glutathione and a peptide blend

Retinol Eye Gel 🌙

SKIN CONDITIONS: AG, DI

SKIN TYPES: DRY, COMBINATION, OILY

This effective gel contains a pure, gentle and cutting-edge micro-encapsulated retinol that firms, tightens and strengthens the skin, reducing the appearance of wrinkles.

Main Ingredients: 0.10% pure encapsulated retinol, niacinamide, bisabolol and allantoin

Eye Rescue Pads ☀️ + 🌙

SKIN CONDITIONS: AG, BL, DI, RE

SKIN TYPES: DRY, COMBINATION, OILY

These refreshing gel pads help reduce puffiness and fine lines around the delicate eye area. Moisturising and brightening ingredients shield skin against dehydration.

Main Ingredients: Matrixyl® Synthe' 6®, vitamin B5, niacinamide and vitamin E

SKIN CONDITIONS KEY: **AG** = Ageing **BL** = Blemish-Prone **DI** = Discolouration **RE** = Redness-Prone/Sensitive
